- Office/Commercial
- Religious
- Housing

In order to reduce the maintenance and comply with the sustainability standards of the District, East Los Angeles College elected to modernize Weingart Stadium. The work for phase one of the modernization included removal of the existing natural field turf and track surface and replacement new synthetic turf and new track surface. Other work encompassed all striping, a new drainage system and track and field event layout in "D" areas of the field.

Client:
Los Angeles Community College District

Location:
Monterey Park, CA

Size:
