

**St. Bede the Venerable:  
St. Bede Parish and Education Center**

A new school and religious education building in addition to a new Parish Center with multi-purpose meeting rooms and administrative offices was the focus of this extensive expansion of the existing facilities. TDM worked on the project in association with Richard McLaughlin, AIA.

St. Bede's Church involved a phasing program and was completed on budget and on time, as follows:

- Phase I: Conversion of old Convent to temporary offices
- Phase II: Construction of new Parish Center
- Phase III: Construction of new Education Center/  
Demolition of Convent
- Phase IV: Demolition of old School wing and completion of site work
